If your child's dominant language is not English or Portuguese, he or she should have some instruction to continue developing the dominant language while living in Mozambique. What plans do you have to ensure that your child's language continues to develop? (For example, Saturday school, tutoring, correspondence courses etc...)

Please add any other information related to your child's language background that might be helpful in planning his or her programme (e.g., In which language did your child first learn to read and write? How many languages can your child read and write in?):
