

AIMS VACCINATION REQUIREMENTS

Mandatory for school attendance:

Measles, Mumps, Rubella (MMR)	1 dose before entering school (second dose recommended at 4-6 years of age)
Polio	3 oral or injected doses before entering school (fourth dose recommended at 4-6 years of age)
Diphtheria	3 doses before entering school
Pertussis	3 doses before entering school
Tetanus	3 doses before entering school
Yellow Fever	1 dose before entering school (for Grade 6 to 12 only)

Recommended as Travel Vaccinations (Not part of vaccination schedules but students may be exposed to these infections while living in Mozambique)

Hepatitis A	2 doses
Hepatitis B	3 doses
Rabies	4 doses
Flu Shot	Once yearly
Meningitis	1 dose
Yellow Fever	1 dose

Recommended (vaccination schedules for most countries)

Varicella (Chicken Pox)	2 doses by 4 years of old
Pneumococcal Pneumonia	4 doses before entering school

Parents must provide a photocopy of original vaccination cards. If parents cannot produce a health record, vaccinations must be re-administered. Non-compliance with the minimum mandatory criteria for vaccinations precludes admission to school.
